using archival material and oral testimony collected during workshops in nunavut between 1996 and 2008 Frédéric Laugrand and Jarich Oosten provide a nuanced look at Inuit religion offering a strong counter narrative to the idea that traditional Inuit culture declined post contact they show that setting up a dichotomy between a past identified with traditional culture and a present involving Christianity obscures the continuity and dynamics of Inuit society which has long borrowed and adapted outside elements they argue that both Shamanism and Christianity are continually changing in the Arctic and ideas of transformation and transition are necessary to understand both how the ideology of a hunting society shaped Inuit Christian cosmology and how Christianity changed Inuit Shamanic traditions

A guide to reconnecting with Jesus Mary and the saints as Shamanic teachers of divine mysteries contains meditations contemplations parables and active ritual tasks that help bring forth a Shamanic understanding and practice of Christianity shows Shamanic experience to be the root of mystical communion when the missionaries came to North America to save the American Indians they were perplexed to discover that while they talked about Jesus some of the Indians claimed to talk directly with him among Christians there is almost complete silence on the subject of the place of Shamanism in experiencing the divine yet Shamanic experience is at the root of all mystical communion Shamanic Christianity offers a chance to rekindle the Shamanic practices of Christianity to those who wish to restore their direct connection to the spirit world in the tradition of contemplative practice this reconnection takes the form of devotions presented in four forms these devotions begin with a specific contemplation followed by a meditative focus then a parable from the author's own visionary experiences and finally an active mystical practice to help ground the meditations and contemplations in a ritual or ceremony that involves active participation these four forms serve to reintroduce Jesus Mary and the historically renowned saints as Shamanic teachers of divine mysteries whose spiritual presence is readily available to contemporary lives the author also presents specific directives for handling everyday challenges in a Shamanic inspired manner drawing upon creative activities and resources that encourage approaching the world with the imaginative and playful spirit of a child whose personal freedom and creative expression is always wide open to possibilities

first published in 2004 states of spirit possession in which believers feel themselves to be possessed by the deity and raised to a new plane of existence are found in almost all known religions from dionysiac cults to haitian voodoo christian and sufi mysticism to shamanic ritual the rapture and frenzy of ecstatic experience forms an iconic expression of faith in all its devastating power and unpredictability ecstatic religion has since its first appearance in 1971 become the classic investigative study of these phenomena exploring the social and political significance of spiritual ecstasy and possession it concerns the distinct types of functions of mystical experience in particular the differences between powerful male dominated possession cults which reinforce established morality and power and marginal renegade ecstasies expressing forms of protest on behalf of the oppressed especially women in lewis's wide ranging comparative study looks at the psychological medical aesthetic religious and cultural aspects of possession and covers themes including soul loss ecstatic trance divination erotic passion and exorcism probing the mysteries of spirit possession through the critical lens of anthropological and sociological theory this fully revised and expanded third edition is of crucial importance for students of psychology sociology religious mysticism and shamanism

originally published by suspect thoughts press 2004 updated by the author and re released by lethe press 2013

the series religion and society rs contributes to the exploration of religions as social systems both in western and non western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media in addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series

thirty years ago anthropologist laurel kendall did intensive fieldwork among south korea's mostly female shamans and their clients as a reflection of village women's lives in the intervening decades south korea experienced an unprecedented economic social political and material transformation and korean villages all but disappeared and the shamans kendall attests that they not only persist but are very much a part of south korean modernity this enlightening and entertaining study of contemporary korean shamanism makes the case for the dynamism of popular religious practice the creativity of those we call shamans and the necessity of writing about them in the present tense shamans thrive in south korea's high rise cities working with clients who are largely middle class and technologically sophisticated emphasizing the shaman's work as open and mutable kendall describes how gods and ancestors articulate the changing concerns of clients and how the ritual frame of these transactions has

itself been transformed by urban sprawl private cars and zealous christian proselytizing for most of the last century korean shamans were reviled as practitioners of antimodern superstition today they are nostalgically celebrated icons of a vanished rural world such superstition and tradition occupy flip sides of modernity's coin the one by confuting the other by obscuring the beating heart of shamanic practice kendall offers a lively account of shamans who once ministered to the domestic crises of farmers as they address the anxieties of entrepreneurs whose dreams of wealth are matched by their omnipresent fears of ruin money and access to foreign goods provoke moral dilemmas about getting and spending shamanic rituals express these through the longings of the dead and the playful antics of greedy gods some of whom have acquired a taste for imported whiskey no other book length study captures the tension between contemporary south korean life and the contemporary south korean shamans work kendall's familiarity with the country and long association with her subjects permit nuanced comparisons between a 1970s then and recent encounters some with the same shamans and clients as south korea moved through the 1990s endured the asian financial crisis and entered the new millennium she approaches her subject through multiple anthropological lenses such that readers interested in religion ritual performance healing gender landscape material culture modernity and consumption will find much of interest here

with their ability to enter trances to change into the bodies of other creatures and to fly through the northern skies shamans are the subject of both popular and scholarly fascination in shamans siberian spirituality and the western imagination ronald hutton looks at what is really known about both the shamans of siberia and about others spread throughout the world he traces the growth of knowledge of shamans in imperial and stalinist russia describes local variations and different types of shamanism and explores more recent western influences on its history and modern practice this is a challenging book by one of the world's leading authorities on paganism

this book is the story of a physical ordeal a liver transplant which was also a profound spiritual transformation by welcoming information from unusual sources including dreams visions and synchronistic events and deepening all of this into a coherent whole through the study of psychology astrology and art sara awakened to the realization that spirit infuses matter sara sought out the many faces of the sacred feminine going beyond her traditional christian upbringing and marking herself as a heretic what no one could have predicted is that sara's journey beyond christianity a journey that took her to the remote australian outback a sweat lodge in an arizona desert soaring cathedrals in the south of france and a sterile operating room at cedars sinai medical center in los angeles would return her to a home she never knew as she listened for the first time to the stories she had never been told she would meet mary magdalene as a shaman and understand her undying devotion to her beloved jesus it was through the magdalene that sara fully realized his promise that the kingdom of heaven is within mary magdalene knew this in

every cell of her being and this knowledge is her gift to sara this book beautifully illustrated with saras own paintings offers a hopeful message to those facing life threatening illness and traumatic loss and shows how physical ordeal is a spiritual opportunity it speaks to heartbroken christians who like sara can find fresh inspiration in the original teachings of jesus

popular religion and shamanism addresses two areas of religion within chinese society the lay teachings that chinese scholars term folk or popular religion and shamanism each area represents a distinct tradition of scholarship and the book is therefore split into two parts part i popular religion discusses the evolution of organized lay movements over an arc of ten centuries its eight chapters focus on three key points the arrival and integration of new ideas before the song dynasty the coalescence of an intellectual and scriptural tradition during the ming and the efflorescence of new organizations during the late qing part ii shamanism reflects the revived interest of scholars in traditional beliefs and culture that reemerged with the open policy in china that occurred in the 1970s two of the essays included in this section address shamanism in northeast china where the traditions played an important role in the cultures of the manchu mongol sibe daur oroqen evenki and hezhen the other essay discusses divination rites in a local culture of southwest china

this book examines sámí shamanism in norway as a uniquely distinctive local manifestation of a global new religious phenomenon based on more than ten years of ethnographic research the book provides the basis for a study revealing the development of inventiveness nuances and polyphony that occur when a global religion of shamanism is merged in a norwegian setting colored by its own political and cultural circumstances

a guide to reconnecting with jesus mary and the saints as shamanic teachers of divine mysteries contains meditations contemplations parables and active ritual tasks that help bring forth a shamanic understanding and practice of christianity shows shamanic experience to be the root of mystical communion when the missionaries came to north america to save the american indians they were perplexed to discover that while they talked about jesus some of the indians claimed to talk directly with him among christians there is almost complete silence on the subject of the place of shamanism in experiencing the divine yet shamanic experience is at the root of all mystical communion shamanic christianity offers a chance to rekindle the shamanic practices of christianity to those who wish to restore their direct connection to the spirit world in the tradition of contemplative practice this reconnection takes the form of devotions presented in four forms these devotions begin with a specific contemplation followed by a meditative focus then a parable from the author s own visionary experiences and finally an active mystical practice to help ground the meditations and contemplations in a ritual or ceremony that involves active participation these four forms serve to reintroduce jesus mary and the historically renowned saints as shamanic teachers of divine mysteries

whose spiritual presence is readily available to contemporary lives the author also presents specific directives for handling everyday challenges in a shamanic inspired manner drawing upon creative activities and resources that encourage approaching the world with the imaginative and playful spirit of a child whose personal freedom and creative expression is always wide open to possibilities

christian f brunner author of several books on shamanism in the alps has practiced ancient healing methods for over twenty years he is also a druid in the order of bards ovates and druids contributing regularly to the order s monthly magazine touchstone the author invites you to take a stroll with him through his beloved alps where myths and folk customs still sing of the people who lived there in antiquity the celts walk with the author along the narrow ridge between history and otherworld which we encounter behind many a jagged rock in a deep forest or dark cave we will meet giants there mystical ladies and the kasermandl and all have fascinating stories to tell learn what the alpine people of old thought about vervain and how ancient magical spells connected folks on continent with their brethren on the british isles and finally you can go with christian brunner on a shamanic journey to mutter perchtl and thus participate in the remembrance of the great goddess

encounter with nature based spirituality as interpreted through the medicine wheel and other indigenous practices profoundly expanded the author s christian spiritual base out of these experiences developed a distinctive approach to spirituality this book explores four premises first the integration of christianity and nature based spirituality impacts one s life path and spiritual belief system yet transcends and includes both traditions second this integration is relevant to a ministry for the spiritual psychological emotional physical growth and healing of individuals and groups by utilizing the author s form of integrated nature based spirituality leadership skills and mentoring tools for the purpose of eco spiritual mentoring third the expansion of ideas and beliefs address the practical and spiritual purposes of sustaining the earth in the current planetary crises fourth jesus can be identified in his social role as a shaman

historical jesus research remains trapped in the positivistic historiographical framework from which it emerged more than a hundred and fifty years ago this is confirmed by the nested assumptions shared by the majority of researchers these include the idea that a historical figure could not have been like the gospel portrayals and consequently the gospels have developed in a linear and layered fashion from the authentic kernels to the elaborated literary constructions as they are known today the aim of historical jesus research therefore is to identify the authentic material from which the historical figure as a social type underneath the overlay is constructed anthropological historiography offers an alternative framework for dealing with jesus of nazareth as a social personage fully embedded in a first century mediterranean worldview and the gospels as cultural artifacts

related to this figure the shamanic complex can account for the cultural processes and dynamics related to his social personage this cross cultural model represents a religious pattern that refers to a family of features for describing those religious entrepreneurs who based on regular altered state of consciousness experiences perform a specific set of social functions in their communities this model accounts for the wide spectrum of the data ascribed to jesus of nazareth while it offers a coherent framework for constructing the historical jesus as a social personage embedded in his worldview as a galilean shamanic figure jesus typically performed healings and exorcisms he controlled the spirits while he also acted as prophet teacher and mediator of divine knowledge

studies of religion have a tendency to conceptualise the spirit and the letter as mutually exclusive and intrinsically antagonistic however the history of religions abounds in cases where charismatic leaders deliberately refer to and make use of writings this book challenges prevailing scholarly notions of the relationship between charisma and institution by analysing reading and writing practices in contemporary christianity taking up the continuing anthropological interest in pentecostal charismatic christianity and representing the first book length treatment of literacy practices among african christians this volume explores how church leaders in zambia refer to the bible and other religious literature and how they organise a church bureaucracy in the pentecostal charismatic mode thus by examining social processes and conflicts that revolve around the conjunction of pentecostal charismatic and literacy practices in africa spirits and letters reconsiders influential conceptual dichotomies in the social sciences and the humanities and is therefore of interest not only to anthropologists but also to scholars working in the fields of african studies religious studies and the sociology of religion

this inspirational book blends elements of shamanism with inherited traditions and contemporary religious commitments drawing on shamanic practices from the world over shamanism as a spiritual practice for daily life addresses the needs of contemporary people who yearn to deepen their own innate mystical sensibilities this inspirational book shows how to develop a personal spiritual practice by blending elements of shamanism with inherited traditions and current religious commitments contents include the central role of power animals and spirit teachers visionary techniques for exploring the extraordinary in everyday life elements of childhood spirituality including songs secret hiding places power spots and imaginary power figures a journey to an ancestral shaman to recover lost knowledge

archaeological case studies consider material evidence of religion and ritual in the pre columbian eastern woodlands archaeologists today are interpreting native american religion and ritual in the distant past in more sophisticated ways considering new understandings of the ways that native americans themselves experienced them shaman priest practice belief

materials of ritual and religion in eastern north america broadly considers native american religion and ritual in eastern north america and focuses on practices that altered and used a vast array of material items as well as how physical spaces were shaped by religious practices unbound to a single theoretical perspective of religion contributors approach ritual and religion in diverse ways importantly they focus on how people in the past practiced religion by altering and using a vast array of material items from smoking pipes ceremonial vessels carved figurines and iconographic images to sacred bundles hallucinogenic plants revered animals and ritual architecture contributors also show how physical spaces were shaped by religious practice and how rock art monuments soils and special substances and even land and cityscapes were part of the active material worlds of religious agents case studies arranged chronologically cover time periods ranging from the paleoindian period 13 000 7900 bc to the late mississippian and into the protohistoric contact periods the geographical scope is much of the greater southeastern and southern midwestern culture areas of the eastern woodlands from the central and lower mississippi river valleys to the ohio hopewell region and from the greater ohio river valley down through the deep south and across to the carolinas contributors sarah e baires melissa r baltus casey r barrier james f bates sierra m bow james a brown stephen b carmody meagan e dennison aaron deter wolf david h dye brett t giles cameron gokee kandace d hollenbach thomas a jennings megan c kassabaum john e kelly ashley a peles tanya m peres charlotte d pevny connie m randall jan f simek ashley m smallwood renee b walker alice p wright

unravelling the history ideologies and rites of shamanism margaret stutley provides an authoritative guide to one of the world s most ancient notorious and frequently misrepresented spiritual traditions

this fascinating case study focuses on shamanism and the healing practices of the taman a formerly tribal society indigenous to the interior of borneo the taman typically associate illness with an encounter with spirits that both seduce and torment a person in dreams or waking life rather than use medicines to counter the effect of these discomfiting visitors the shamans called baliens use stones that are said to contain the convergence of wild spirits that have come into being during the initiation ceremony p 209

christianity in korea provides a wide ranging overview of the growth and development of korean christianity and the implications that development has had for korean politics interreligious dialogue and gender and social issues the volume begins with an accessibly written overview that traces in broad outline the history and development of christianity on the peninsula this is followed by chapters that cover a remarkable range of topics spanning more than two centuries from the survival of early korean catholics in a neo confucian society to the success and challenges of evangelical protestantism in korea

the book concludes with a discussion of how best to encourage a rapprochement between buddhism and christianity in korea

a series of psychological and anthropological studies about the oldest and the most fascinating religious tradition of korea

first published in 1989 this is the story of the shaman soceress by kim dong ni translated by hyun song and eugene chung

historians of art or religion and mythologists such as joseph campbell and mircea eliade have written extensively on prehistoric religion but no one before has offered a comprehensive and uniquely archaeological perspective on the subject hayden opens his book with an examination of the difference between traditional religions which are passed on through generations orally or experientially and more modern book religions which are based on some form of scripture that describes supernatural beings and a moral code such as judaism christianity and islam he attempts to answer the question of why religion developed at all arguing that basic religious behaviors of the past and present have been shaped by our innate emotional makeup specifically our ability to enter into ecstatic states through a variety of techniques and to create binding relationships with other people institutions or ideals associated with those states

the yanomano of the amazon endangered children of nature or indigenous warmongers on the verge of destroying themselves in this book the author speaks for his people jungleman provides accounts of life or death battles among his people and perhaps even more disturbing among the spirits who fight for their souls this book the story of jungleman is a powerful document back cover

2019 nautilus gold winner in a time of rapid climate change and species extinction what role have the world s religions played in ameliorating or causing the crisis we now face religion in general and christianity in particular appears to bear a disproportionate burden for creating humankind s exploitative attitudes toward nature through unearthly theologies that divorce human beings and their spiritual yearnings from their natural origins in this regard christianity has become an otherworldly religion that views the natural world as fallen as empty of signs of god s presence and yet buried deep within the christian tradition are startling portrayals of god as the beaked and feathered holy spirit the animal god as it were of historic christian witness through biblical readings historical theology continental philosophy and personal stories of sacred nature this book recovers the model of god in christianity as a creaturely avian being who signals the presence of spirit in everything human and more than human alike mark wallace s recovery of the bird god of the bible signals a deep grounding of faith in the natural world the moral implications of nature based christianity are profound all life is deserving of humans care and protection insofar as the world is envisioned as alive with sacred animals plants and landscapes from the perspective of

christian animism the earth is the holy place that god made and that humankind is enjoined to watch over and cherish in like manner saving the environment then is not a political issue on the left or the right of the ideological spectrum but rather an innermost passion shared by all people of faith and good will in a world damaged by anthropogenic warming massive species extinction and the loss of arable land potable water and breathable air to wallace this passion is inviolable and flows directly from the heart of christian teaching that god is a carnal fleshy reality who is promiscuously incarnated within all things making the whole world a sacred embodiment of god s presence and worthy of our affectionate concern this beautifully and accessibly written book shows that christian animism is not a strange oxymoron but christianity s natural habitat challenging traditional christianity s self definition as an other worldly religion wallace paves the way for a new earth loving spirituality grounded in the ancient image of an animal god

jesus the shaman is comprehensive non conformist paradigm shattering this unique gripping revolutionary thoroughly researched book astounds the reader as it gives numerous examples of prophets transformative spiritual psychic experiences each of which gave birth to and contributed to the birth and development of world religions these shamans mediums channels sages oracles mystics and prophets are not only shown to span all ages and the globe but are shown to have founded world religions entirely turning the tables on religious orthodoxy and traditional newtonian physics but not quantum physics this innovative highly controversial meticulous research methodically draws on primary sources revealing the esteemed spiritual teachers and prophets such as moses jesus mohammad had mediumistic gifts the author has inimitably established beyond question that supernatural communications laid the foundation stones of the world s religions this book unifies the origins of religions under a single paranormal concept and thereby does much to dispel the causes of histories and todays religious strife emanuel swedenborg the medium to europe s royalty governments taught that thought patterns during physical life determine the appropriate after death landscapes of animals and people irrespective of their religious affiliations

this introduction surveys the beliefs rituals and techniques found in shamanic traditions around the world

this guy does next level stuff i have worked with him and i have no idea how or why he is able to do some of the things i have witnessed science is just catching up with biohacking it s time to start studying spirit hacking and how shaman durek can achieve the tangible results he achieves dave asprey author of the new york times bestseller the bulletproof diet silicon valley investor and technology entrepreneur in spirit hacking shamanic keys to reclaim your personal power transform yourself and light up the world shaman durek a sixth generation shaman shares life altering shamanic keys allowing you to tap into your personal power through new information you will banish fear and darkness from your life in favor of light positivity and

strength shaman durek s bold and sometimes controversial wisdom shakes loose our assumptions about ourselves and the very world around us he ultimately teaches us how to step fearlessly out of this blackout the age of darkness we are currently experiencing and access a place of fierce empowerment by use of tools and techniques of timeless shamanic tradition this transformation is both personal and collective as individuals step out of darkness and begin to experience the light we bring our loved ones and communities out of the shadows as well shaman durek inherited a rich legacy of ancient wisdom and now shares this knowledge for a modern context he advises everyone from celebrities like gwyneth paltrow and nina dobrev to innovative executives such as bullet proof coffee founder dave asprey spirit hacking shatters readers complacency giving them tools to navigate the tumultuous times in which we find ourselves we will emerge from this period happier lighter and more vibrant than ever before

gracious wild is the story of stacey couch s incredible journey out of the mundane world of science and reason into the vast shamanic realms of creativity and inspiration readers will travel on this intimate exploration of what happens when one woman allows the messengers of nature to guide her these winged guides wrap her mind up in the mysteries they present leading her to a richer more fulfilling life stacey s tale begins on an isolated island where as a scientist her main responsibility is to care for a couple dozen foxes in captivity as a result of a series of ecological tragedies the fox population is on the verge of extinction and a novel hawk species begins nesting on the island for the first time in recorded history it is during her time watching the nesting hawks alone in nature that her real quest begins a series of hawks become her guides rousing life s biggest questions like why am i here gracious wild weaves stacey s relationship with the hawks alongside her study of shamanism with a good deal of information included for those seeking more details about this spiritual path stacey s belief is that wild animals are trying to speak and interact with us every day to listen to them is to listen to that which is divine within each of us their calls mirror our own inner calling to a greater purpose gracious wild offers a vivid and candid tale of a woman who loses then rewrites the meaning of her life at the same time showing readers their own humanity how being open to spirit messages from animals can provide important and beneficial life changing guidance

once viewed as an embarrassing superstition the theatrical religious performances of korean shamans who communicate with the dead divine the future and become possessed are going mainstream attitudes toward korean shamanism are changing as shamanic traditions appear in staged rituals museums films and television programs as well as on the internet contemporary korean shamanism explores this vernacular religion and practice which includes sensory rituals using laden altars ecstatic dance and animal sacrifice within south korea s hypertechnologized society where over 200 000 shamans are listed in professional organizations liora sarfati reveals how representations of shamanism in national commercialized and screen

mediated settings have transformed opinions of these religious practitioners and their rituals applying ethnography and folklore research contemporary korean shamanism maps this shift in perception about shamanism from a sign of a backward undeveloped korea to a valuable indigenous cultural asset

a stream of consciousness book based on a day by day diary of a spontaneous 8 month long journey to the peruvian amazon undertaken by a somewhat naive young westerner in order to study shamanism followed by a three month journey through mexico entirely based on actual diary entries it s a vivid and unpredictable trip read this before drinking ayahuasca to avoid making the same mistakes

what can christianity learn from shamanism what can shamanism learn from christianity the conversation starts here daniel l prechtel is an episcopal priest who studies and applies core shamanism alongside christian prayer practices john r mabry is a united church of christ pastor and seminary professor who uses core shamanism techniques in his prayer katrina leathers is a core shamanism practitioner and interfaith seminary dean all three authors are spiritual directors together they write about the intersection of these two great traditions and the powerful spiritual gifts they bring soul journeys christian spirituality and shamanism as pathways for wholeness and understanding introduces readers to christian spirituality and core shamanism and then draws on each author s knowledge and personal experiences to show readers the importance and reality of the spiritual realm in our everyday lives in this book you ll discover the similarities and differences between core shamanism and christianity the universe of both traditions including upper and lower worlds christian spiritual practices for healing and discernment core shamanism s healing methods and divination helping spirits that provide healing and guidance unexpected resonances and breathtaking epiphanies practical wisdom for our daily spiritual lives soul journeys is a breath of fresh air opening up new spiritual perspectives from ancient traditions if you enjoy exploring the insights of other faiths and then bringing those insights back to your own spiritual practice you will love soul journeys buy soul journeys today and begin your next spiritual adventure

this work applies a shamanic dimension to psychology and psychological analysis to the notion of shamanism it tracks the primal practices of the religious life through literary as well as anthropological sources and provides an analysis of contemporary and ancient shamanic practices

introduction by jordan maxwell this well researched work returns us to the earliest known forms of religion and nature worship to show how our modern religions formed and where they came from also brings us into modern times reviving and supporting the important work of john marco allegro author of the sacred mushroom and the cross reveals how natural entheogens

including the amanita muscaria mushroom were used by those seeking higher consciousness and an authentic religious experience a must read for researchers investigating the origins of religion and the symbology used by modern religions of today includes extensive bibliography 185 illustrations and over 500 footnotes

the compassion of st francis the ardor of st catherine the strength of st sebastian their stories are unique yet profoundly universal capturing not only a wide range of human experience but also a wealth of timeless truths theirs are stories of faith sacrifice grace and ultimately love the way of the saints offers the modern reader new ways to gain wisdom comfort and strength from the courageous examples of the saints with prayers practices and meditations that each saint has inspired the reader can take to heart the example of each saint s life and make it a part of their own includes more than 200 short biographies of well known and obscure saints a history of sainthood and an explanation of the canonization process an easy reference format of biographies and inspirations of each saint prayers meditations and practices inspired by each saint that will appeal to people of all faiths

shamanism is commonly understood through reference to spirits and souls however these terms were introduced by christian missionaries as part of the colonial effort of conversion so rather than trying to comprehend shamanism through medieval european concepts this book examines it through ideas that started developing in the west after encountering amerindian shamans microbes and other shamanic beings develops three major arguments first since their earliest accounts amerindian shamanic notions have had more in common with current microbial ecology than with christian religious beliefs second the human senses allow the unaided perception of the microbial world for example entoptic vision allows one to see microscopic objects flowing through the retina and shamans employ techniques that enhance precisely these kinds of perception lastly the theory that some diseases are produced by living agents acquired through contagion was proposed right after contact in relation to syphilis an important subject of pre contact amerindian medicine and mythology which was treasured and translated by european physicians despite these early translations the west took four centuries to rediscover germs and bring microbiology into mainstream science giraldo herrera reclaims this knowledge and lays the fundamentals for an ethnomicrobiology it will appeal to anyone curious about shamanism and willing to take it seriously and to those enquiring about the microbiome our relations with microbes and the long history behind them

describes how shamanism is shaping western healthcare and being shaped by it in turn offers a broad perspective on reintroducing soul into the healing process of western medicine as well as clinical examples and practical strategies for healthcare and shamanic practitioners alike covers a broad range of healthcare settings surgery psychotherapy rehabilitation

medicine family medicine naturopathy osteopathy hospice care and a general medical clinic

These sites also enhance accessibility. Whether you're at home, on the go, or halfway around the world, you can access your favorite titles anytime, anywhere, provided you have an internet connection.

Non-fiction enthusiasts can find biographies, self-help books, historical texts, and more.

You can also find books on various skills, from cooking to programming, making these sites great for personal development.

Efforts to expand internet access globally will help more people benefit from free ebook sites.

Text-to-speech features can convert written text into audio, providing an alternative way to enjoy books.

Open Library aims to have a webpage for every book ever published. It offers millions of free ebooks, making it a fantastic resource for readers.

Downloading ebooks safely is crucial to avoid pirated content and protect your devices.

Sites like Project Gutenberg and Open Library offer numerous academic resources, including textbooks and scholarly articles.

ManyBooks offers a large selection of free ebooks in various genres. The site is user-friendly and offers books in multiple formats.

From timeless classics to contemporary bestsellers, the fiction section is brimming with options.

Free ebook sites are invaluable for educational purposes.

BookBoon specializes in free textbooks and business books, making it an excellent resource for students and professionals.

In summary, free ebook sites offer an incredible opportunity to access a wide range of books without the financial burden.

They are invaluable resources for readers of all ages and interests, providing educational materials, entertainment, and accessibility features. So why not explore these sites and discover the wealth of knowledge they offer?

First and foremost, they save you money. Buying books can be expensive, especially if you're an avid reader. Free ebook sites allow you to access a vast array of books without spending a dime.

Many sites offer audiobooks, which are great for those who prefer listening to reading.

DRM can restrict how you use the ebooks you download, limiting sharing and transferring between devices.

Project Gutenberg is a pioneer in offering free ebooks. With over 60,000 titles, this site provides a wealth of classic literature in the public domain.

Google Books allows users to search and preview millions of books from libraries and publishers worldwide. While not all books are available for free, many are.

Many ebook platforms allow you to sync your library across multiple devices, so you can pick up right where you left off, no matter which device you're using.

Improvements in technology will likely make accessing and reading ebooks even more seamless and enjoyable.

Ebook sites often come with features that enhance accessibility.

Whether it's a tablet, an e-reader, or a smartphone, choose a device that offers a comfortable reading experience for you.

Always use antivirus software and keep your devices updated to protect against malware that can be hidden in downloaded files.

To make the most out of your ebook reading experience, consider these tips.

Parents and teachers can find a plethora of children's books, from picture books to young adult novels.

Despite the benefits, free ebook sites come with challenges and limitations.

Be aware of the legal considerations when downloading ebooks. Ensure the site has the right to distribute the book and that you're not violating copyright laws.

Accessing and downloading ebooks requires an internet connection, which can be a limitation in areas with poor connectivity.

Not all books are available for free, and sometimes the quality of the digital copy can be poor.

Stick to reputable sites to ensure you're not downloading

pirated content. Pirated ebooks not only harm authors and publishers but can also pose security risks.

For homeschooling parents, free ebook sites provide a wealth of educational materials for different grade levels and subjects.

There are countless free ebook sites, but a few stand out for their quality and range of offerings.

You can adjust the font size to suit your reading comfort, making it easier for those with visual impairments.

The diversity of genres available on free ebook sites ensures there's something for everyone.

As educational resources become more digitized, free ebook sites will play an increasingly vital role in learning.

Students can access textbooks on a wide range of subjects, helping reduce the financial burden of education.

Moreover, the variety of choices available is astounding. From classic literature to contemporary novels, academic texts to children's books, free ebook sites cover all genres and interests.

The future looks promising for free ebook sites as technology continues to advance.

Use tools and apps to organize your ebook collection, making

it easy to find and access your favorite titles.

| Decoding Time: Understanding 140 Minutes in Hours

We all grapple with time management. Whether it's scheduling a meeting, estimating project completion, or simply understanding how long a movie will last, converting minutes to hours (or vice-versa) is a fundamental skill. This article delves into the seemingly simple conversion of 140 minutes into hours, providing a comprehensive understanding that extends beyond a simple calculation. We'll explore the process, its applications, and address common questions to solidify your grasp of this essential time conversion.

| 1. The Basic Conversion: Minutes to Hours

The foundation of converting minutes to hours rests on the simple fact that there are 60 minutes in one hour. Therefore, to convert any number of minutes into hours, we divide the number of minutes by 60. For 140 minutes, the calculation is straightforward: $140 \text{ minutes} / 60 \text{ minutes/hour} = 2.333\ldots \text{ hours}$. This tells us that 140 minutes is equal to 2 and one-third hours. However, this decimal representation isn't always practical. We often need a more user-friendly format, leading us to the next section.

| 2. Expressing the Time in a More Practical Format

While 2.333... hours is accurate, it's not ideal for everyday use. A more intuitive way to represent 2.333... hours is as a combination of hours and minutes. We already know we have 2 full hours. To find the remaining minutes, we take the decimal portion (0.333...) and multiply it by 60: $0.333\ldots \text{ hours} \times 60 \text{ minutes/hour} \approx 20 \text{ minutes}$. Therefore, 140 minutes is equivalent to 2 hours and 20 minutes. This format is much easier to understand and use in practical scenarios.

3. Real-World Applications of the Conversion

Understanding how to convert 140 minutes into hours and minutes has numerous real-world applications: **Project Management:** If a project is estimated to take 140 minutes, knowing it equates to 2 hours and 20 minutes allows for better scheduling and resource allocation. This improved time perception helps avoid overestimation or underestimation, leading to better project delivery. **Travel Planning:** Calculating travel time is crucial for planning trips. If a journey takes 140 minutes, you can accurately factor this into your itinerary, accounting for potential delays and ensuring timely arrival. **Event Scheduling:** Organizing events requires precise time management. Understanding that a particular segment of an event will last 140 minutes (2 hours and 20 minutes) ensures the overall schedule flows smoothly and prevents time clashes. **Film and Television:** Movie lengths are often expressed in minutes. Converting this to hours and minutes aids in planning viewing schedules or estimating recording time for television programs. **Healthcare:** In medical procedures or patient appointments, precise time allocation is critical. Converting minutes to hours improves efficiency and minimizes delays.

4. Avoiding Common Mistakes

When converting minutes to hours, a common mistake is forgetting to multiply the decimal portion by 60 to obtain the remaining minutes. Simply stating "2.33 hours" lacks precision and isn't useful in most practical applications. Always express the time in hours and minutes for clarity and ease of understanding. Another potential pitfall is confusing the conversion factor. Remember, it's 60 minutes per hour, not the other way around.

5. Beyond the Basics: Working with Larger Time Intervals

The principles discussed here apply equally to larger time intervals. For instance, converting 300 minutes to hours would involve the same steps: $300 \text{ minutes} / 60 \text{ minutes/hour} = 5 \text{ hours}$. This showcases the versatility of the conversion process.

Conclusion

Converting 140 minutes to hours and minutes—2 hours and 20 minutes—is a simple yet crucial skill. This process extends beyond a mathematical exercise; it's a fundamental tool for effective time management across various aspects of life. By understanding the process and its applications, you can enhance your organizational skills and improve your ability to plan and execute tasks efficiently.

Frequently Asked Questions (FAQs)

1. Can I use a calculator to convert minutes to hours? Yes, simply divide the number of minutes by 60. Most calculators will give you a decimal representation; remember to multiply the decimal part by 60 to get the remaining minutes. 2. What if I need to convert hours and minutes back into minutes? To convert hours and minutes back to total minutes, multiply the number of hours by 60 and add the number of minutes. For example, 2 hours and 20 minutes would be $(2 \times 60) + 20 = 140$ minutes. 3. Are there any online tools for time conversion? Yes, many websites and apps offer time conversion tools that can instantly convert between minutes, hours, seconds, and other time units. 4. How do I handle converting times with seconds? First, convert seconds to minutes (divide by 60), then add this to the total minutes, and finally convert the total minutes to hours as explained above. 5. Why is understanding time conversion important in a professional setting? Accurate time conversion is vital for project management, scheduling meetings, calculating labor costs, and generally ensuring efficient workflow and productivity. It demonstrates attention to detail and contributes to a professional image.
